Search the Internet:

When you go out to the internet put the following in your search box to limit results to government web sites. **site:gov**

Look inside Books:

- And check out the online book catalog- From our library page-under Book Search-UHS Use **all words** for the type of search
- Remember to search with Broad terms like Consumer (instead of Consumer Protection) to get the most results.
- You do not search for books like you search using Google- Find a book on the broad subject and Use the Book index of Table of Contents inside the book
