1. List any colleges you may be considering at this point.
2. Of all your advisors and teachers, why did you select me to write your letter of recommendation?
3. Think about the activity or class you took with me as a whole. What is distinct about you that you might want me to emphasize in my letter?

9. Five years from now, where do you think you will be and how will you get there? Please do not feel obligated to focus on my class or activity (or even know exact details); rather it can be a mixture of career and personal goals.

11. If you were to write a letter of recommendation for yourself to a college, what would you be certain to include?
